50X1-HUM

The Lowa Werdau works manufactured 8 H3A trucks with closed bodies in February 1954, which were turned over to the military Volkspolizei Command at Frankenberg. Production, especially production of engines, is greatly hampered by shortages. The Horsch Zwickau works are not in a position to deliver enough H3A engines. They have still to fulfill delivery commitments from November 1953, and have delivered only 32 engines to date Mar 1954. Lowa Werdau, itself, is short of material for shafts and axles.
